Introduction

The School recognises that by efficiently managing its records, it will be able to comply with its legal and regulatory obligations and to contribute to the effective overall management of the school. Records provide evidence for protecting the legal right and interests of the school, and provide evidence for demonstrating performance and accountability. This document provides the policy framework through which this effective management can be achieved and audited. It covers:

- Scope
- Responsibilities
- Relationships with existing policies

1. Scope of the Policy

- 1.1 This policy applies to all records created, received or maintained by staff of the school in the course of carrying out its functions.
- 1.2 Records are defined as all those documents which facilitate the business carried out by the school and which are thereafter retained (for a set period) to provide evidence of its transactions or activities. These records may be created, received or maintained in hard copy or electronically.
- 1.3 A small percentage of the school's records will be selected for permanent preservation as part of the institutions archives and for historical research. This should be done in liaison with the Leicester City Council's archives service.

2. Responsibilities

- 2.1 The school has a corporate responsibility to maintain its records and record keeping systems in accordance with the regulatory environment. The person with the overall responsibility is the Head Teacher of the School.
- 2.2 This retention policy has been adapted from the Information Management Toolkit for Schools (IRMS) as comprehensive guidance for the retention of records. The school will also follow the best practice guidance contained within the toolkit.

2.3 Individual staff and employees must ensure that records for which they are responsible are accurate, and are maintained and disposed of securely and safely.

3. Relationships with existing policies

This policy has been drawn up within the context of:

- Information Management Toolkit for Schools (IRMS)
- Freedom of Information Publication Scheme
- Data Protection Policy
- E-safety Policy (covering unacceptable ICT use)
- And with other legislation or regulations (including audit, equal opportunities and ethics) affecting the school

It is to be noted that this is a new policy and in some cases the school has kept records for longer that the retention periods stated below. It is a work in progress to ensure that any documents currently kept that exceed the stated retention periods will be systematically destroyed over the next 3 years.

Where information historically has not been kept for the new, stated retention period, this policy will dictate future actions.

Monitoring and Review

The day to day monitoring of this policy is the responsibility of the Head Teacher. This policy will be reviewed every three years or earlier if considered necessary.

Management of the School

This section contains retention periods connected to the general management of the school. This covers the work of the Governing Body, the Head Teacher and the Senior Leadership Team, the admissions process and operational administration.
