24th June 2015

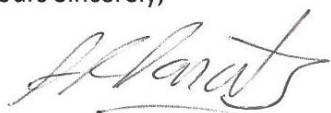

Dear Dan

We just wanted to contact you to express our very grateful thanks and appreciation for all the support your school and staff have given to our Egyptian English, Maths and Science teachers when they visited as part of their Educational Technologies Programme. We know that these can be time-consuming to organise amongst all your other priorities.

The Egyptian teachers were made to feel very welcome, with staff being open, friendly and freely answering whatever questions were asked. They have very much valued the professional dialogue that was entered into with them and the opportunity to see British schools and observe lessons.

Once again, thank you for all your time and support and I am sure that the Egyptian teachers have taken many positive things away with them from this experience.

Yours Sincerely,

Dr Tony Daniels
Director of Education CPD+
