DEAR
Miss R. Jones
HEADTEACHER of Sparkenhoe School

I just wanted you to know that I really enjoyed visiting your school and it was a pleasure for me to be chosen.

I appreciated the opportunity to learn more about some strategies and teaching techniques from your excellent teachers. Also, I was surprised about all the materials, the arrangement of the classrooms and better still, the well organized time for the students to carry out the different activities.

Thank you again for your time. I am even more excited to put in practice the knowledge and the experience acquired in my classroom with my students.

With gratitude for your kindness,

TEACHER

Primary School.

Dearest Miss Jones:

I would like to thank Miss Jones for permitting me to visit your school. It was a real pleasure to share the classes with your teachers and let me observe them. In addition to that, I will be able to apply some of your methodologies in my country "Panamá" (specially in my school).

You have a very well-organized school; all the teachers and administrative staff were very polite and kind to me. Something that was very useful for me was the Phonic Class; watching the teachers and pupils repeating the sound of the words and blending them was very funny and interesting. Also, your school is huge and the discipline in the classrooms was very admirable. Thanks for your kindness and generosity.

Kind regard,

Mr. Oscar Reyes B.
