

# Half term fun

Hello Robins and Owls! Here are some ideas of things you could do over the half term break.

Activity	How to do it	Or...
Teach your family the 'Fred the Moose' dance!	Follow this link and copy the moves! <a href="https://www.youtube.com/watch?v=I3suXTYy2aw">https://www.youtube.com/watch?v=I3suXTYy2aw</a>	Maybe someone could video you doing it and you could send it to someone you love!
Floating boats!	Using tin foil, make a boat. Float your boat in a bowl of water. See how many pennies you can drop into your boat before it sinks. Ask your family to make predictions about how many pennies they think it can hold! See who is the closest!	No tin foil? Try using an empty plastic container.
Find out what it would be like to live in a castle...	Using a tablet, smartphone, computer or even a book, find pictures of castles. Look for different shapes and styles and talk about who lives there. What do they wear?	Draw a castle. Include turrets and battlements.
Find 10 things you can hide in your fist...	They could be...a button, a penny, a pebble, a bead, an earring, a pen lid, a piece of cereal. Now play Kim's Game: Put them all on a tray, cover it with a tea towel, take an item away and see if your grown up can tell you which is missing.	Get a piece of paper and see how many different ways you can group the items. (5 here and 5 there...or 3, 3, 3, and 1)

<b>Make a necklace</b>	Use whatever you want to make your necklace (cereal, pasta, beads...) Use anything with a hole in it!	<b>Try a bracelet instead.</b>
<b>Water writing</b>	Using a paintbrush or sponge, and some water, write the first sound in your name as big as you are on a wall.	
<b>Make a sock puppet...</b>	Have a look at the photos underneath for some ideas!	

**Ready, set, go!**
